BIG FIRES.

Extensive Railroad Shops at Cincinnati Destroyed—The Flames at Boston and Philadelphia.

CINCINNATI, Feb. 19.—A general alarm at a few minutes past three this morning sent the entire fire department to Sixth and Front streets, where the car shops, the machine shops and the locomotive house of the Cincinnati, Indianapolis and Chicago railway company were found to be all ablaze. A strong wind was blowing from the west, and when the firemen reached the scene the entire site of the railway construction plant was afire. The loss is from \$125,000 to \$150,000. One locomotive, five coaches and thirty freight cars were destroyed. The origin of the fire is not known.

PHILADELPHIA, Pa., Feb. 19.—Blankingburg & Co.'s yarn and woolen warehouse, No. 138 Bank street, was totally destroyed by fire, as were four other buildings. One man was suffocated. Loss between \$300,000 and \$400,000.

BOSTON, Feb. 19.—Fire early this morning destroyed, with contents, about 800 feet of the freight shed of the Boston and Lowell railroad, in this city. The damage to the building is about \$2,000. The loss on the contents, which comprised a large amount of general merchandise, is roughly estimated at \$3,000.

YOUNGSTOWN, Ohio, Feb. 19.—At 3 o'clock this morning, a fire, originating in the old town hall, on Federal street, destroyed that and four adjoining buildings, valued in all at \$20,000. Insurance, small.

ROCK RAPIDS, Iowa, Feb. 19.—The greater part of this town was burned yesterday. The losses will aggregate \$75,000, with but little insurance.

THE HARTFORD HORROR.

The Latest Particulars Concerning the Explosion—The List of the Dead.

HARTFORD, Conn., Feb. 19.—The finding of a large fragment of the boiler late yesterday afternoon settled all doubts which existed from the first as to whether the explosion in the Park Central hotel was caused from the boiler or from a formation of gas in the basement. The boiler was inspected last August and Assistant Engineer Risley, who was on duty Sunday night, persists that it was filled with water when he banked the fires. He is satisfied that there was only the usual amount of steam—less than sixty pounds.

The work of rescuing the dead and wounded has been going on steadily and the following is the list to date:

DEAD.

George Gaines, (colored porter); Dwight H. Buell, jeweler, Hartford; George Engder, drug clerk, Hartford; J. W. Hansman, Boston; J. C. Hill, Buffalo, Leon H. Bronson, wife and child, Hartford; George Ketchum, Hartford; Edward Ketchum, Hartford; George W. Root, Brookport, N. Y.; an unknown; A. F. Tillatson, Cincinnati, Ohio; an unknown supposed to be Mr. Sterling, of Sterling Bros., Bridgeport, Me.; Mr. Galloday and wife, Hartford; Charles Whiting, presumed a brother of Andrew F. Whiting, Dr. L. Perrin, Mrs. Perrin, William Boyle, of Hartford.

The ten patients at the Hartford hospital are all doing well to-day and will recover. They are:

Helen LePoint, New Britain; Joseph B. Turpin, Hartford; Jennie Dick, Unionville; Michael Corrigan, Unionville; Enos Jones, Birmingham, England; Walter N. Gay, Bayonne, N. J.; Henry Stiffle, Philadelphia; Wellington Ketchum, proprietor, and his wife; Rachel Cronin, Avon, Conn.

Alexander Thuyer, the engineer, and Amos Risley, the assistant engineer of the Park Central hotel, have been arrested, charged with manslaughter, and were in court this morning and pleaded not guilty.

GOVERNOR RUSH.

MILWAUKEE, Wis., Feb. 19.—Governor Ruess is receiving numerous congratulations both from his friends in this city and abroad on his reported selection as secretary of war in President Harrison's cabinet. As yet, though, the governor has received no notice of his appointment, and to his friends he says that it may be well to wait for something more definite before accepting their congratulations.

Bad Collision.

MONTREAL, Feb. 19.—A collision occurred on the Grand Trunk railroad last evening. Two passengers were slightly injured, and both engines and tenders were badly smashed.

WM. O'BRIEN.

He Refuses to Apologize for Calling Col. Turner a Sneak—Other Foreign News.

DUBLIN, Feb. 19.—Mr. Wm. O'Brien was to-day again arraigned at Tralee for trial. He refused to allow his attorney, Mr. Timothy Healey, to apologize for calling Col. Turner, a sneak yesterday in court. He also declined to defend himself further.

Mr. O'Brien was sentenced by the court to imprisonment for six months without hard labor. This sentence, with his present term, will make ten months' imprisonment for Mr. O'Brien.

VIRGINIA, Feb. 19.—A man living in the village of Villach, became insane at hearing the news of the death of Crown Prince Rudolph, and Sunday evening murdered his father with a hatchet.

LONDON, Feb. 19.—Mr. James L. Oarow, M. P., for North Kildare was arrested today in Perthshire, Scotland, on a warrant issued under the crimes act.

KNIGHTS OF PYTHIAS.

The Twenty-fifth Anniversary of the Order Celebrated To-day.

To day is a red letter day in the order of the Knights of Pythias, being the twenty-fifth or silver anniversary of that remarkable body; remarkable by reason of its sudden, constant and rapid growth, and on account of the many peculiar battles it has had to fight within its ranks. There was a time when the natal day was a matter of dispute, but now it is a settled and established fact that the organization of the first lodge took place on the 19th day of February, 1864, in the city of Washington, the order being founded by Justus H. Rathbone. At the present time there are 3,500 subordinate lodges, with a membership of 250,000.

Elaborate preparations have been made all over the country for an appropriate celebration of the silver anniversary of the order and in this city it will not pass unobserved.

Interesting exercises will be held this evening at the Phoenix lodge hall, and addresses will be delivered by Dr. M. F. Porter, Rev. D. C. Woolpert and Mr. T. W. Blair.

FOX & BROS.

They Will Rebuild on the Old Site and Also on their East Jefferson Street Property.

"We have decided to rebuild on the site of the burned block," said Mr. Louis Fox to a SENTINEL representative last evening. "We propose to erect as handsome a four-story business block as the one destroyed by fire, and it may be more extensive, just as our architect suggests. On the property I purchased from Congressman White, fronting on East Jefferson street, we will erect a substantial two-story brick building, 52½x150 feet. On the lower floor will be our cracker bakery and on the second we will manufacture candies and such. In the rear we will have our boiler and engine room, entirely separate, you can see, from the main building."

Mr. Fox yesterday leased a cracker bakery at Chicago, and sent his foreman, Mr. Dan Reilly, up to take charge of it. From that point he supplies the trade and through other agencies he handles his whole line of goods without interruption.

Mr. Fox will begin work on his Jefferson street buildings at once and has contracted to complete them in sixty days.

Another happy feature is that an examination of his books taken from the vault, yesterday, increases his insurance to \$25,000.

A SMALL FAILURE.

Humphreys & Co. are in Financial Distress.

In the circuit court yesterday John Humphreys and Thomas Griffiths, state referees, confessed judgment in favor of Mrs. Martha Humphreys, and on an order of the court in her favor Sheriff Viberg took charge of their business today.

The firm possibly owes \$4,000 altogether.

Frank Glasier, a grocer on Thomas street, was closed by his creditors this morning. There are judgments against him for \$600 in Justice Ryan's court.

Tariff Reformers.

CHICAGO, Feb. 19.—The American Tariff Reform League began a three day's convention here to-day. There are present at the convention representatives of nearly every industry affected in any way by the tariff question. A letter from President Cleveland on the tariff question was read.

MR. EDGERTON'S LETTER.

The Ex-Civil Service Commissioner Comments Upon His Removal From Office.

WASHINGTON, Feb. 19.—Judge A. P. Edgerton, who was recently removed from the office of civil service commissioner, has written an open letter to the president. He says, among other things:

"I was indebted to you for the only appointive office I ever held. You now declare, by your action, that you regret the appointment. I, with equal right, can say I regret the acceptance. Your regret was never made known to me by you in any word, or utterance, or action, until now, at the close of your administration, and the day before my removal. Of course, if you believe me unfit for the position or neglectful of my duty, you should have removed me long ago, but I presume there were prudent political reasons why you did not make the removal until after the election. In this regard it would almost seem as if you were willing to play false with the mugwumps to enable you to win with the democrats. And here, permit me to define the term 'mugwump,' as referring to a class of political reformers who have the spirit of reformation without the common sense and good judgment to reform, as reforms are not affected by unjust personal denunciation, but by reason.

"The result of the election placed you in a dilemma from which few people would have known how to extricate themselves. You found a man on your hands when the mugwumps had declared war upon an enemy to their civil service reform theories, and your plan of becoming their representative in the future would be weakened or defeated if such assurance of your fidelity to their cause could not be secured. Accordingly, it appears, that you decided upon the removal of the head of the commission, and, deeming Mr. Thompson a good enough mugwump for them, you therefore demanded my resignation that you might appoint him, apparently as an atonement for your previous inaction.

"Mr. President, with due courtesy to the high office you hold, allow me to say that you are a very peculiar man, a positive man—positively wrong or positively right—and, therefore, an unsafe man to trust; and that element in your character I believe led to your defeat. Pope says 'the most positive men are the most credulous, since they most believe themselves, and advise most with their fellow flatterers and worst enemies.' Being one of that kind of positive men yourself, you have kept some men of like character around you who are positive only in their malice and conceit. They flatter you and have the conceit that would magnify themselves, and the malignity that would detract from others."

"Juvenal says, 'There is nothing a man will not believe in his own favor.' You were credulous enough to believe that you were elected president by the mugwumps, and, therefore, you permitted them to malign your real friends and to flatter you into a policy which led to your defeat. You are a man who would not permit your real friends to admonish you with freedom and confidence, and as a result you have suffered for the want of friends, and your wrecked and wretched greatness has discovered that there is no true success in life without the power and blessing of friendship. You believed that your will and power to enforce it was above all powers, but the will of the people expressed in a constitutional way has taught you that there was a wiser and better way than that chosen by you.

"Having sworn to support the civil service law, it has been my constant effort to do so; but I never did swear to support a mugwump interpretation of it based on a monstrous assumption that the commission was independent of law. How many poor unfortunates have been denied the advantages and benefits of the law by questions never contemplated by it, and how many expenses have been incurred through unnecessary and devious requirements and practices it is not my purpose at this time to state.

"You will be censured and condemned because you put no trust in your own party but believed yourself to be better than your own and greater than all parties. You have ascertained that the many were not made for one. If you can find as many reasons for removing me as the democratic party through an indifference which was simply retaliatory, had for removing you, I shall be quite willing to remain with you in the gloom of defeat."

The judge proceeds to give his under-

standing of the civil service law, and continues:

"I cannot, like you, make a prayer for relief to the public, such as the article seemed to be in the Baltimore Sun of the 14th inst. This is the first time in the history of the government that an outgoing president has found it necessary to advertise through the newspapers his particular work during his term of office and his claims upon his party and the country for approval. Between the lines can be read the special plea for reelection."

"I can point to another removal than mine, beyond a parallel to go down through history when I shall be forgotten. I was on the floor of the house of representatives during the time the votes of the electoral college were counted and heard the announcement of the result—that Benjamin Harrison was duly elected president of the United States—but the words that burned deep through the empty boxes of the administration could not be officially added, though known to be true—in place of Grover Cleveland, removed. By whom and for what cause removed? The answer is now being made in every home, in every business in the land and history will inscribe it upon all its records."

Judge Edgerton attributes Mr. Cleveland's defeat to his disregard of the opinions and advice of the most eminent men of his party and to his political ingratitude.

HON. W. H. H. MILLER.

The Distinguished Indiana Lawyer, Who is slated for Attorney General, Visits Fort Wayne.

A distinguished guest at the Wayne hotel, this morning, was Hon. W. H. H. Miller, who it is conceded, will be attorney general under President Harrison.

Mr. Miller was formerly a resident of Fort Wayne, and associated with Judges Morris and Coombs in the practice of law. He was not conceded to be a great lawyer, but he was the most industrious practitioner at the bar.

Going to Indianapolis he was admitted into General Harrison's law firm and now comes the announcement of his elevation into a cabinet place.

THE SENTINEL representative found Mr. Miller in the office of Judge Morris and questioned him relative to his appointment to the attorney generalship. "I will neither deny or affirm the rumor," said Judge Miller. "In fact, I will not talk on that topic. The cabinet appointments are yet General Harrison's secret and when the proper time arrives he will announce them or tell some one to do it for him."

"Then you do not regard the cabinet announcements yesterday as official."

"No, sir; I do not. I know that General Harrison has not yet spoken on the subject. The newspaper correspondents surmise his cabinet."

"What is your mission here Judge?"

"Simply business. I have some property in the eastern part of the city, and I came to consult Mr. D. C. Fisher about that."

Parties close to Mr. Miller doubt that he will go into the cabinet. "He can be attorney general if he wishes to," said Mr. H. C. Hanna.

Mr. D. C. Fisher did not credit his appointment to a cabinet place. In fact, no one could gain his confidence, not even the prospective postmasters who haunted him.

Mr. Miller returned to Indianapolis at noon.

Justice Hays sent six tramps to jail last night.

The fire department ran to a harmless chimney fire at noon.

Equine Hays and Mr. Bob Gage will go to Chicago to-night.

James J. McCarthy and Catharine Welch, Henry Thieke and Anna Koesen-jans have been licensed to wed.

Dr. J. S. Irwin, superintendent of the public schools, looks better than he has for years and he says he feels better.

Dan Morey, a resident of Nebraska, attempted to leave town without paying his debts. Merchants Koontz, Smalz and Gage, of that precinct, attached his household goods at the depot.

The question of "Church Founding" was the subject of a most interesting talk last night by Elder Sims, of the Christian church, corner Griffith and Jefferson streets. Come to-night and learn the way to Jesus. Subject: "The Chain of Justification." Learn how to serve the Lord and place your affections in His keeping. Meeting every night.

A SOUTHERN CYCLONE

Sweeps Over Alabama and Carries Death and Destruction in its Pathway.

BIRMINGHAM, Ala., Feb. 19.—The lower end of Shelby county was swept by a terrible cyclone yesterday. It travelled in an easterly direction and was only a few hundred yards in width, but its course was twenty miles or more in length and through a thickly populated section of country.

People were in their beds and had very little chance to escape from their houses. The most reliable reports received here state that thirty to forty houses were blown down, five or six persons killed, and about thirty injured, some of them very badly.

Many cattle and horses were killed or crippled.

MUNICIPAL MATTERS.

Mayor Muhler Chats About Them and Outlines the Program—The Fire Ladders.

When a SENTINEL reporter called at the mayor's office this morning, his honor was chatting with Councilman Read.

"The newspapers are hardly fair in their criticisms of the fire department," said the chief executive. "In my annual address to the council I pointed out the necessity of better fire ladder facilities and noted that we did not have a ladder that would reach to the fourth floor of the Aveline house. Accordingly, at the last council meeting, we approved the recommendations of the fire commissioners for the purchase of new ladders, and this morning Mr. Read and myself talked over the advisability of a committee going to Cincinnati to inspect fire ladders and a street sweeper, and the committee will go at its own expense, as they always have."

"I agree with THE SENTINEL and so does Mr. Read that we can get along this year without street, sewer and sidewalk improvements, so as to devote the resources of the city towards perfecting the water works system and fire department. Mr. Read and most of us have advised against the proposed pavement on Clinton street and I am satisfied it can not pass."

"The city is in good financial shape—better than she ever was—and we propose to keep its affairs within wholesome bounds, so that no additional burdens will be heaped on the people."

Capt. Thomas Toomey desires THE SENTINEL to return his thanks to the friends and neighbors who, so kindly lent their aid during the fire on his premises last night.

The Oldest Firm and Most Reliable in the City,

Wing & Mahurin,

ARCHITECTS

27 Calhoun Street. Jan 29-Geo.

Fort Wayne Sentinel.

R. A. K. HACKETT, Editor and Proprietor.

TUESDAY, FEB. 19, 1889.

THE strike of the Lafayette car works employees, at Lafayette, was settled yesterday. The company agreed to pay off to-morrow and the men returned to work yesterday afternoon.

THE occasional success of some speculators abroad leads others to investments in boom towns. Fort Wayne is not phenomenal in its growth, but the bottom will never drop out of it and no man has ever lost a dollar in real estate investments here. That is more than you can say of a great many other cities.

COLONEL DUDLEY, by an order of the courts, will be called upon to plead at Washington on the 27th of this month, in the civil suits he has brought against certain New York papers. It is not unlikely that there may be other proceedings than those contemplated. It is intimated that the federal authorities will accept the opportunity presented by these suits to obtain evidence that may be used in a government case against him.

A CALL has been issued for a state convention, March 4, to organize a tariff reform league. Several hundred signatures have been appended to the call, representing many communities in the state. The signers believe that the present national treasury surplus is demoralizing; they demand the gradual removal of restrictions from commerce created by the tariff, and discredited the statement that a high tariff benefits the working class. Those holding to these views are invited to co-operate in the movement.

THE report that Mr. R. C. J. Pendleton, of Indianapolis, who was stopping at the ill-fated Park Central hotel, Hartford, Conn., was among the missing, aroused much apprehension among his friends here, as the gentleman at one time addressed an audience at the Academy of Music and made many acquaintances. This suspense is relieved by a telegram received from him by his son, Albert D. Pendleton. The message said that Mr. Pendleton's baggage had been destroyed, but that he escaped. It appears that Mr. Pendleton left the hotel Saturday to spend Sunday with his son in Vermont. He stayed just long enough to miss the accident that doubtless would have resulted in his death had he been in the hotel.

MUNICIPAL IMPROVEMENTS.
Just about this season of the year municipal affairs take form and plans for the season are conceived.

It is, therefore, meet that we consider our common necessities and reckon our possibilities for the year 1889.

Unfortunately its introduction suggests a timely topic, one of the greatest moment—fire protection.

The city collects so much money annually and it is early appropriated for various purposes, according to the seeming demands of a growing municipality and to this subject we want to direct attention.

The city has decided on a water supply from what is known as the well system. The first duty of the gentlemen intrusted with public affairs is to see that that plan is completed in every detail. Incidental and tributary to its success are perfect pumping facilities. We have contracted for the necessary machinery and it must be paid for. Next the capacity of the supply pipes through the streets must be equal to all requirements and the importance of this feature is made painfully apparent by the fire losses of 1888. The reservoir, too, is to be completed, the fire department is to be distributed, strengthened and supplied with such means as will enable them to battle with the worst conflagrations.

As against these requirements all other subjects pale into insignificance and the authorities cannot fail to realize the situation.

The unavoidable and immovable demands of the city require a certain portion of its revenue, but outside of these, public improvements should cease until property is given the degree protection it dearily pays for and does not enjoy.

It is clearly the duty of the officers of the city to outline their course early, set aside all street, sewer and sidewalk embellishments until they guard the interests that suggest them against total destruction.

It will require rigid economy to accomplish the improvements we have outlined, but THE SENTINEL insists that the necessity of the hour is a policy that will insure their earliest consummation.

The present authorities of the city are equal to the emergency. Let us have substantial evidence of their intents and purposes.

Adams Express Company.
NEW YORK, Feb. 12.—It is stated that the Adams Express company has taken its business off the lines of the Reading Railroad company and transferred it to the Pennsylvania railroad, and that the United States express has contracted to transport the Reading's express business in the future.

AFTER THE OFFICERS.

The Democrats of the Legislature May Choose To-Night—Some of the Candidates.

INDIANAPOLIS, Feb. 19.—The democratic members are talking of holding a caucus to-night to nominate candidates for the various institutions. The most important office to be considered is that of president of the benevolent institutions. For that office John L. Carson, of Shelby; Thomas Markey, of Marion; Dr. M. James, of Delaware; Joseph Flack, of Marion; Dr. Tarleton, of Morgan, and B. H. Burrell, of Jackson, will have their names presented before the caucus.

For trustee of the insane asylum Mr. Piercy, of Putnam; ex-Senator Bryant, of Clinton; Louis Holtman, of the Brazil Democrat; John Dobyns, of Decatur, and Mr. Hauser, of Bartholomew, have left their cards on the members' desks. There may be other candidates, but their cards cannot be found about the desks of members.

For the blind asylum the members found in the hotel lobbies last night could not remember of any one running for trustee except Train Dispatcher Riley, of the Big Four.

A member who keeps a memorandum of the candidates for the prison director has on his list for the prison north the names of M. Rosenthal, of Miami; J. J. Smiley, of Putnam; J. W. French, of Tippecanoe; John W. Young, of Huntington; Marshall Pettit, Fountain; Jas. Remihan, of Marion; Joseph Pugh and Levi Mook, of Wells.

For directors for the prison south, Clement Doan, of Dubois; W. B. McDonald, of Gibson, and G. W. Denbo, of Harrison.

There will be no trouble to find capable men to fill the offices of supreme court commissioners. So far the following names have been mentioned in connection with the offices soon to be created:

For the First district—Judge Niblack of Knox, R. W. Miers of Monroe, and William Franklin of Owen.

For the Second district—Judge Hawk of Floyd and ex-Congressman J. D. New of Jennings.

For the Third district—J. W. Kern of Marion, John R. Coffroth of Tippecanoe and Thomas F. Davidson of Montgomery.

For the Fourth district—Mortimer Nye of Laporte, W. H. Dills of DeKalb and Bart Capron of Plymouth.

For the Fifth district—Judge Lowry of Allen and ex-Prosecuting Attorney of Adams.

The Legislative Proceedings.

Numerous bills were introduced in the senate yesterday. Senator France came smilingly forward with three. One related to ballot boxes, a second to mechanics' liens and the third provided for an extension of the capitol grounds.

Mr. Dresser had a bill relating to the formation of voluntary associations, and Mr. Hays one regulating the conduct of foreign insurance companies in Indiana.

Mr. Johnson, who, by the way, otherwise, "ceased from troubling" for a time came up with three bills. One has to do with railroads, one with the liquor traffic and the third relates to the civil service of the state. Mr. Kurtz got house bill 71 engrossed in the senate. It authorizes commissioners in certain cases to issue bonds for the building of court houses.

The committee to which the bill reducing the legal rate of interest from 8 per cent. to 6 per cent. had been referred, returned it with the depressing advice that it be indefinitely postponed. This bill had been prepared by Mr. Mullinix, and he had tenderly nourished the hope that it would become a law. The committee report stirred up his profoundest opposition and nothing short of a fiery speech would allay him. When Indiana can borrow all the money she wants at 3 per cent. and when capitalists and insurance companies are glad to lend money to private individuals everywhere at 5 or 6 per cent., he regarded a legal rate of 8 per cent. as positive usury and extortion. When he had expended all available breath and sat down puffing like a porpoise, the report of the committee was concurred in.

The people of Crawford county have been enjoying intestine war over their county seat for several years. A bill introduced by Senator Sears, designed to permit the removal of the county seat from Leavenworth to English, was engrossed yesterday morning. Senator Barrett's bill against speculating in "margin" was made the special order for Friday at 10 o'clock. A bill by Senator Thompson regulating the location of telegraph and telephone poles in cities, and meant especially for the protection of Indianapolis, was engrossed.

The engrossment of bills occupied the larger portion of the day in the house. Among the bills engrossed was one against treating in saloons; one regulating deposit and trust companies; concerning legal advertising, increasing the tax on dogs, concerning gravel roads, and a host of others of minor importance. Mr. Shields, of Jackson, introduced an important bill, which is intended to furnish employment to other democrats. It provides for a state boiler inspector, board of examining engineers and the licensing of stationary

engineers. Mr. Willard introduced the usual general appropriation bill, which was referred without reading. The amount is substantially the same as in previous years, said its author. Mr. Willard's bill concerning the building of switches by railroads was also engrossed. Mr. White's bill regulating the practice of medicine came back from the committee with an unfavorable report, and a substitute was offered for it. This led to a long debate, in which the author defended his measure, but the vote was against him.

Four Democratic Members of the Arkansas Legislature Resign Contested Seats.

LITTLE ROCK, Ark., Feb. 19.—As intimated in yesterday morning's dispatches the four democratic members of the legislature from Pulaski county, resigned their seats yesterday afternoon. Their election is contested by republicans, and the democratic members say that while they disclaim all knowledge of fraud in their districts, they retire rather than have the state put to further expense in the contest by their republican competitors.

High Waters.
AUGUSTA, Ga., Feb. 19.—The Savannah river rose to a height of thirty-three feet yesterday. Many portions of the city lying near the river are submerged. Rain has been general throughout this section and all streams swollen, threatening railway bridges.

Hotel Burned.
SPRINGFIELD, Mass., Feb. 19.—The Greenwich hotel, which has for eighty years been one of the landmarks of the village of Greenwich, was burned to the ground yesterday morning, causing a loss of \$21,000.

'Mid pleasures and palaces though we may roam, be it ever so humble, there's no comfort to be found like Salvation Oil. Price, 25 cents a bottle.

Man of War Seized.

NEW YORK, Feb. 19.—The alleged man of war Madrid, otherwise known as the Conserra, was seized by the United States government last night, upon complaint of the Haytian government that she was intended for use against the existing government of Hayti, and that there was good reason to believe that she had arms and ammunition on board, intended for the rebel armies commanded by General Hyppolite. The seizure was made in Graves End bay, and the Madrid was to-day taken back to Atlantic Basin, and will be thoroughly searched.

A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, and restore peace and bodily health for many years. Try this peculiar medicine.

Excursion Rates to Washington via the Wabash Railway.

On the occasion of the inauguration of President-elect Harrison, March 4, 1889, the Wabash railway will sell excursion tickets from Fort Wayne at the very low rate of one fare for the round trip, or \$15.00. Tickets will be on sale from February 26 to March 3, and will be good for return passage up to and including March 10. Further information furnished upon application to

THE ANTIQUE RACE IN DRESS.

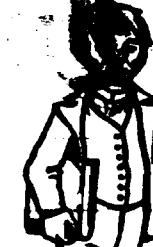

It is chiefly by the diversity in shape and decoration of the corages of the season that the love of change finds expression. Picture galleries are visited and libraries ransacked for historical and national dresses to design from in the race for striking and novel effects, especially for the bodice. Many of the Paris and London gowns are made in antique fashion, and decorated with costly passementerie plaques, which are placed upon collar, sleeves, and plastron, or gilet. The passementerie are wonderfully beautiful, and it may be added their price is correspondingly marvelous. Some of them are as delicately executed as fine lace work, and they are embellished with beads of all tints, plain, cut, or faceted like jewels. They are favorite decorations for very elegant toilettes, and one of the consequences of their manufacture is the revival of the beautiful points of the sixteenth and seventeenth centuries.—New York Evening Post.

The Wonderful Carlsbad Springs.

At the Ninth International Medical Congress, Dr. A. L. A. Tobold, of the University of Padua, Italy, read a paper stating that out of thirty cases treated with the genuine imported Carlsbad Sprudel Salt, Powder form, for chronic constipation, hypochondria, disease of the liver and kidneys, jaundice, diabetes, dropsy, gout, rheumatism of the joints, gravel, etc., twenty-six were entirely cured, three much improved, and one not treated long enough. Average time of treatment, four weeks. The Carlsbad Sprudel Salt (powder form) is an excellent aperient, laxative and diuretic. It cleans the complexion, purifies the blood. It is easily soluble; pleasant to take and permanent in action. The genuine product of the Carlsbad Springs is exported in round bottles. Each bottle contains a light blue paper card, and has the genuine Carlsbad Springs seal on its cork. The Carlsbad Springs is sold by all druggists. A bottle mailed free upon application.

Spring Disorders

Indigestion, nervous, tired, brain, nervous blood, debilitated system, all are the natural outcome in the Spring. A medicine must be used, and nothing equals Paine's Celery Compound. We let others praise us—you can not help believing a disinclined party.

Dr. J. C. Paine, W. L. Greenleaf, Burlington, Vt., writes: "I have used Paine's Celery Compound on several occasions, and always with benefit. Last spring, being very much run down and debilitated, I commenced taking it. Two bottles made me feel like a new man. As a general tonic and spring medicine I do not know of its equal."

Call anything any other. It is easy to recognize DIAMOND DYES. 35 Cents. 10 cents each.

There is NO BETTER Tonic or other preparation for MOTHERS NURSING than HOPTONIC.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine-of-health.

Free from alcohol and opium; composed of expensive herbs and roots, with a fine, delicate flavoring.

THE NEWS AT THE DEPOTS.

The Railroads and Manufacturers of the City Send Up Their Daily Budget.

Master Mechanic G. L. Potter is at Altoona, Pa.

Chas. Druhot, of the Bass moulding rooms, is on the sick list.

Hugh Bennigan, of the Bass moulding rooms, has been ill for two weeks.

Wm. Baade, clerk at the Pittsburg blacksmith shops, is on the sick list.

R. H. Harrison, foreman at the Pittsburg car shops, is on duty again after an illness of several days.

H. C. Moderswell, the agent of the Nickel Plate in this city, is proving popular in that position.

J. Ritter, machinist at the Pittsburg shops, is detained at home on account of an injury received in a fall yesterday.

James Hewes, foreman of the Pittsburg boiler shops, is confined to his home with a severe attack of rheumatism.

Mr. Gust. Niernman, a finisher at the Horton manufactory, had his eye severely injured this morning, by a piece of emery.

Cyrus Birget, a machinist at the Bass works, has returned from Evansville, where he has been for some time doing work for the firm.

Ticket Agent Dick Thompson is preparing for a big travel over the Wabash on the occasion of the inauguration of President Harrison.

Henry Theike, a messenger at the Pittsburg machine shops, was married to-day, and the boys have a greeting for him when he returns to duty.

Assistant Foreman P. J. Scheid, of the Pittsburg machine shop, is on duty again to-day for the first time since February 5. He has had quite a severe illness.

The new shops of the Ohio and Mississippi at Washington, Ind., started up yesterday. They are said to be the largest and most convenient railroad shops in that section of the state.

The boys were talking considerably this morning about the fire in Thomas Toomey's smoke house, last night. Mr. Toomey is an employee of the works, and lost a number of fine hams by the fire.

Six cars of Pittsburg freight train, No. 81, left the rails at Hobart, Ind., last night, about 6 o'clock, and delayed the limited three hours and the Fort Wayne accommodation four hours. No serious injury was done.

The Pittsburg machine shops are working overtime on account of the repairs of passenger engines, which are being made ready for the inaugural travel. The repairing of passenger engines is given the preference over new work.

The Baltimore and Ohio is refusing freight offered, because it has no cars. All its freight equipment is fully occupied on its own lines. The Pennsylvania is also doing a rushing business, but is not so badly blockaded as thirty days ago.

In a short time the Wabash will put two new fast through freight trains into service. They will be known as fruit trains, and will be used exclusively in handling the Wabash company's extensive fruit traffic. The cars used in these trains will be fitted with the air brake, and they will rival the passenger trains in their running time.

Two hundred employees of the Lafayette car works are on strike, their grievances being that the semi-monthly pay day did not occur on Friday, as it should. The men were told that the delay was occasioned by the absence of the paymaster from the city. A rumor, however, gained currency that the works were about to change hands and a new rule would be adopted making pay day every third week instead of semi-monthly. To this the men took exceptions and struck.

An improved headlight for locomotives has an adjustment which allows the engineer to conveniently direct the light as he may desire to various points off the line. The lantern is supported on a frame or platform, which has a movement to the right or left about a vertical axis, and also up or down by the same means, the operating mechanism leading back to the cab, so as to be in ready reach of the engineer. He is enabled by this arrangement, to examine dangerous or doubtful parts of the road, and, in stormy weather, to turn the light upon threatening trees or masses of earth or rock upon either side, and which are liable to fall.

In looking over the freight list of Noah's Ark we are convinced that he did not have a single thing to give the children when they needed a new different it would have been better taken a few bottles of Dr. Bull's Cough Syrup and colds.

The Temple opera house was crowded to the doors last night and no play in the history of local theatricals received a better reception than "Jim, the Penman." The audience was brilliant and critical and the company had to earn the applause. It was a magnificent presentation of the dramatic story and scarcely a feature of it can be criticized. It is useless to go into details, for they would occupy more space than we could spare for such a topic.

The sale of seats for the Duff Opera company's engagement at the Temple Opera house begins to-morrow morning. The organization is one of the most famous presenting comic plays, and is probably the largest organized for this class of work. "The Queen's Mate" is an opera that was originally written for Mlle. Jeanie Granier, a favorite of the Parisian opera bouffe stage, and produced under the title of "Les Princesse des Cananes," in which form it attained a most pronounced success. Contrary to most of the successes of the Parisian stage, the work was not immediately adapted to the English speaking stage. Owing to the difficulties of the French book, much that was considered essential to the success of a French comic opera libretto could not be handled in the English language, and not until Mr. Harry Paulton lent his energies to the translation was a book evolved that retained the salient points of the French original without its objectionable features. Mr. Paulton's book, with Mr. Lecocq's pretty music, has been produced in London and New York with unqualified success, and its representation in this city is an event that should not be lost sight of by lovers of good music.

How to Select a Wife.

Good health, good morals, good sense and good temper, are the four essentials for a good wife. These are the indispensable. After them come the minor advantages of good looks, accomplishments, family position, etc. With the first four, married life will be comfortable and happy. Lacking either, it will be in more or less degree a failure. Upon good health depends largely good temper and good looks, and to some extent good sense also, as the best mind must be effected more or less by the weaknesses and whims attendant on frail health. Young man, if your wife is falling into a state of invalidism, first of all things try to restore her health. If she is troubled with debilitating female weaknesses, buy Dr. Pierce's Favorite Prescription. It will cure her.

The City Y. M. C. A. Meeting.
The regular monthly meeting of the City Y. M. C. A. was held in the rooms of the association, last evening.

In the absence of the president, the meeting was called to order and presided over by First Vice President Newton. The recording secretary not being present George R. Hench was made secretary pro tem. Reports were received and read from the chairmen of several of the standing committees.

A motion to correct the minutes of a previous meeting, at which time permission was granted the Second Presbyterian church congregation to hold services in the chapel room, while erecting a new building, and which did not appear of record, unanimously prevailed, and other matters of importance were transacted.

Dress Fabrics. Satteens

Are receiving their share of attention. An excellent fabric, and of stylish patterns in latest colorings, at 9 cents a yard, and then rise in the scale to 35 and 50 cents a yard and see the finest fabrics and unsurpassed color paintings. Our assortment in these is, most likely, larger than those of any other three houses.

Another attractive exhibit is a "Czarina Lustrine," pure Mohair wool fillings, a very desirable fabric for street wear, cheap at 60 cents a yard.

FRENCH CHALLIES

Are shown this week, sheer, gossamer like cloths, with exquisite printing in many colorings, extra fine at 50 and 60 cents.

ALPACAS

Are shown now as a new dress stuff, but to some of us is an old one in a new finish only. Always good, very serviceable, 25 to 50 cents a yard.

Sacqueing Flannels

In styles, the handsomest ever known, 50 and 65 cents. Mosaic patterns 75 cents.

BOX SUIT PATTERNS

Confined styles, will be put on sale

TO-MORROW,

\$10.00 to \$50.00 each. See them and you will want them.

Printed Cashmere Robes

In most elaborate designs and colorings, just the thing for house wear. Luxury, Comfort and Elegance combined in these, 62½ cents to \$1.50 a yard.

BLACK GOODS.

This week we shall show a lot of Saxony stuffs valued at 75 cents, for 50 cents a yard.

Hon. B. F. Ibach, formerly joint-representative from Allen and Huntington counties, is circulating a petition at Huntington, calling for a meeting of democrats to be held at the court house there next Saturday for the purpose of formulating a statement to the legislature, asking for the enactment of more stringent laws regulating the liquor traffic.

The Michigan City Dispatch says: "Prison Director Monning and Joseph Derheimer, both of Fort Wayne, were in the city to-day. Mr. Derheimer is a prominent contractor. He constructed the great ditch or canal between Huntington and Fort Wayne recently, which drains hundreds of acres of wet land. The cost of the ditch was \$137,000. It is understood that Mr. Derheimer has his eye on the proposed new prison sewer."

John Schoeff, the man injured in a collision with a Wabash locomotive, at Roanoke, it is thought, will be paralyzed in his lower extremities. While he is thought to be better than at first, he is advised to arrange his business affairs and divide his property and prepare for the worst. The attorney for the railroad company called to see him and to investigate the particulars relative to the accident. It is understood the attorney intimated that the company in all probability would make the man a liberal donation if he did not insist on a suit for damage. It is said there is proof that the engineer whistled for the crossing and obeyed all requirements and that the accident was entirely due to the man's own lack of caution in approaching a railroad crossing. His family consists of a wife and ten children.

The funeral of Mrs. Catherine Regg will take place to-morrow afternoon.

Dr. Chas. Gould, A. Meak and A. Bishop, of Butler, Ind., are guests of the Hotel Brunswick.

It is said that William McCartney, of Cedar Creek township, who died Saturday, was 102 years old. He came to this country when northern Indiana was a wilderness and was a soldier in the war 1812.

MISFIT CLOTHING

Direct from the Renowned Misfit Clothing Parlors of 121 Monroe Street, Chicago, Illinois.

WHAT
Are Misfits and where do they come from? These are questions often asked by those who are not acquainted with this mode of doing business.

Our Reply:

They are such goods as were mislabeled or recalled for by the parties who ordered them and left on the tailors' hands. We have again in all the principal cities in the United States, who buy up these goods at such prices that enable us to sell them at one half the original cost. This gives the purchaser a chance to buy Genuine Tailor Made Clothing at as low and less price as you would have to pay for ready-made or shop made goods. We bring here a fine line of these goods, which consists of the most stylish made in Single and Double Breasted Sack, Three and Four Button Outwear, Fine Prince Alberts. Also fine Dress Suits for weddings or parties. Also a fine line of Heavy overcoats, which we are determined to sell, even at a loss. We have also a few choice Spring Overcoats. BIG FIRES.
Extensive Railroad Shops at Cincinnati
Destroyed—The Phoenix
at Boston and Phil-
adelphia.

CINCINNATI, Feb. 19.—A general
alarm at a few minutes past three this
morning sent the entire fire department
to Sixth and Front streets, where the
car shops, the machine shops and the
locomotive house of the Cincinnati,
Indianapolis and Chicago railway com-
pany were found to be all ablaze. A
strong wind was blowing from the west,
and when the flames reached the scene
the entire site of the railway construction
plant was aflame. The loss is from
\$125,000 to \$150,000. One locomotive,
five coaches and thirty freight cars were
destroyed. The origin of the fire is not
known.

PHILADELPHIA, Pa., Feb. 19.—Bank-
ing and Co.'s yards and woolen ware-
houses, No. 188 Bank street, was totally
destroyed by fire, as were four other
buildings. One man was suffocated.
Loss between \$800,000 and \$900,000.

BOSTON, Feb. 19.—Fire early this
morning destroyed, with contents, about
300 feet of the freight shed of the Boston
and Lowell railroad, in this city. The
damage to the building is about \$2,000.
The loss on the contents, which com-
prised a large amount of general mer-
chandise, is roughly estimated at \$3,
000.

TOLEDO, Ohio, Feb. 19.—At 3
o'clock this morning, a fire, originating
in the old town hall, on Federal street,
destroyed that and four adjoining build-
ings, valued in all at \$20,000. Insur-
ance, small.

ROCK RAPIDS, Iowa, Feb. 19.—The
greater part of this town was burned
yesterday. The losses will aggregate
\$75,000, with but little insurance.

THE HARTFORD BOMB.
The Latest Particulars Concerning
the Explosion—The Fact of
the Bomb.

HARTFORD, Conn., Feb. 19.—The find-
ing of a large fragment of the boiler late
yesterday afternoon settled all doubts
which existed from the first as to whether
or the explosion in the Park Central
hotel was caused from the boiler or from
a formation of gas in the basement.
The boiler was inspected last August
and Assistant Engineer Rely, who was
on duty Sunday night previous that it
was filled with water when he backed
the fire. He is satisfied that there was
only the usual amount of steam—less
than sixty pounds.

The work of recovering the dead and
wounded has been going on steadily
and the following is the list to date:

DEAD.
George O'Brien, (colored porter);
Dwight H. Buell, jeweler, Hartford;
George Engler, drug clerk, Hartford;
J. W. Hauman, Boston; J. C. Hill,
Buffalo, Leon H. Bronson, wife and
child, Hartford; George Ketchum, Hart-
ford; Edward Ketchum, Hartford;
George W. Root, Brookport, N. Y.; an
unknown; A. F. Tillotson, Cincinnati,
Ohio; as unknown supposed to be Mr.
Sterling, of Soelling Bros., Bridgeport,
Me.; Mr. Galloway and wife, Hartford;
Charles Whiting, presumed a brother of
Andrew F. Whiting, Dr. L. Purin,
Mrs. Purin, William Boyce, of Hart-
ford.

The ten patients at the Hartford hos-
pital are all doing well to-day and will
recover. They are:

Helen LePoin, New Britain; Joseph
B. Turpin, Hartford; Jennie Dick,
Unionville; Michael O'Connell, Union-
ville; Enos Jones, Birmingham, Eng-
land; Walter N. Gay, Bayonne, N. J.;
Henry Stille, Philadelphia; Wellington
Ketchum, proprietor, and his wife;
Rachel Cronin, Avon, Conn.

Alexander Thayer, the engineer, and
Amos Easley, the assistant engineer of
the Park Central hotel, have been ar-
rested, charged with manslaughter, and
were in court this morning and pleaded
not guilty.

GOVERNOR BUREAU.

MILWAUKEE, Wis., Feb. 19.—Governor
Buck is receiving numerous congratula-
tions both from his friends in this
city and abroad on his reported selection

the governor has received no notice of
his appointment, and to his friends he
says that it may be well to wait for
something more definite before accept-
ing their congratulations.

slightly injured, and both engines and
tenders were badly smashed.

MR. O'BRIEN.
He Refuses to Apologize for Calling
Col. Turner a Sneak—Other
Foreign News.

DUBLIN, Feb. 19.—Mr. Wm. O'Brien
was to-day again arraigned at Trial for
trial. He refused to allow his attorney,
Mr. Timothy Healy, to apologize for
calling Col. Turner a sneak yesterday
in court. He also declined to defend
himself further.

Mr. O'Brien was sentenced by the
court to imprisonment for six months
without hard labor. This sentence,
with his present term, will make ten
months' imprisonment for Mr. O'Brien.

KNIGHTS OF PYTHIAS.

The Twenty-fifth Anniversary of the
Order Celebrated To-day.

To-day is a red letter day in the order
of the Knights of Pythias, being the
twenty-fifth or silver anniversary of that
remarkable body; remarkable by reason
of its sudden, constant and rapid
growth, and on account of the many pe-
culiar battles it has had to fight within its
ranks. There was a time when the na-
tional day was a matter of dispute, but now
it is a settled and established fact that
the organization of the first lodge took
place on the 19th day of February, 1864,
in the city of Washington, the order be-
ing founded by Justus H. Rathbone. At
the present time there are 3,000 sub-
ordinate lodges, with a membership of
250,000.

Elaborate preparations have been
made all over the country for an appro-
priate celebration of the silver anni-
versary of the order and in this city it will
not pass unobserved.

Interesting exercises will be held this
evening at the Phoenix lodge hall, and
addresses will be delivered by Dr. M.
F. Foster, Rev. D. C. Woolpert and Mr.
T. W. Blair.

FOX & HEN.

They Will Retain on the site and
also on their East Jefferson
Street Property.

"We have decided to rebuild on the
site of the burned block," said Mr. Louis
Fox to a Sentinel representative last
evening. "We propose to erect as
handsome a four-story business block as
the one destroyed by fire, and it may be
more extensive, just as our architect
suggests. On the property I purchased
from Congressman White, fronting on
East Jefferson street, we will erect a
substantial two-story brick building,
60x150 feet. On the lower floor will be
our cracker bakery and on the second
we will manufacture candles and such.
In the rear we will have our boiler and
engine room, entirely separate, you can
see from the main building."

Mr. Fox yesterday leased a cracker
bakery at Chicago, and sent his foreman,
Mr. Dan Reilly, up to take charge of it.
From that point he supplies the trade
and through other agencies he handles
his whole line of goods without inter-
ruption.

Mr. Fox will begin work on his Jef-
ferson street buildings at once and has
contracted to complete them in sixty
days.

Another happy feature is that an ex-
amination of his books taken from the
vault, yesterday, increases his insurance
to \$25,000.

A SMALL FAILURE.

Humphreys & Co. are in Financial
Distress.

In the circuit court yesterday John
Humphreys and Thomas Griffith, state
attorneys, confessed judgment in favor of
Mrs. Martha Humphreys, and on an
order of the court in her favor Sheriff
Viborg took charge of their business to-
day.

The firm possibly owes \$4,000 at-
torney.

Frank Glazier, a grocer on Thomas
street, was closed by his creditors this
morning. There are judgments against
him for \$600 in Justice Ryan's court.

Tariff Reformers.

CHICAGO, Feb. 19.—The American
Tariff Reform League began a three
day's convention here to-day. There
are present at the convention repre-
sentatives of nearly every industry affected
in any way by the tariff question. A
letter from President Cleveland on the
tariff question was read.

MR. EDGERTON'S LETTER.
The Ex-Civil Service Commissioner
Comments Upon His Removal
From Office.

WASHINGTON, Feb. 19.—Judge A. P.
Edgerton, who was recently removed
from the office of civil service commis-
sioner, has written an open letter to
the president. He says, among other
things:

"I was indebted to you for the only
appointive office I ever held. You now
declare, by your action, that you regret
the appointment. I, with equal right,
can say I regret the acceptance. Your
regret was never made known to me by
you in any word, or utterance, or action,
until now, at the close of your adminis-
tration, and the day before my removal.
Of course, if you believe me unfit for the
position or neglectful of my duty, you
should have removed me long ago, but I
presume there were prudent political
reasons why you did not make the re-
moval until after the election. In this
regard it would almost seem as if you
were willing to play false with the mag-
nanimity to enable you to win with the
democrats. And here, permit me to
define the term 'magnanimity' as re-
ferring to a class of political reformers
who have the spirit of reformation with-
out the common sense and good judg-
ment to reform, as reformers are not af-
fected by unjust personal denunciations,
but by reason.

"The result of the election placed you
in a dilemma from which few people
would have known how to extricate
themselves. You found a man on your
hands when the magnanimity had de-
clared war upon an enemy to their civil
service reform theories, and your plan
of becoming their representative in the
future would be weakened or defeated if
any assurance of your fidelity to their
cause could not be secured. Accordingly,
it happens, that you decided upon the
removal of the head of the commis-
sioner, and, deeming Mr. Thompson a
good enough magnanimity for them, you
therefore demanded my resignation that
you might appoint him, apparently as
an atonement for your previous inac-
tion.

"Mr. President, with due courtesy to
the high office you hold, allow me to say
that you are a very peculiar man, a
positive man—positively wrong or pos-
itively right—and, therefore, an unsafe
man to trust; and that element in your
character I believed to your defeat.
Populists, the most positive men are
the most credulous, since they must
believe themselves, and advise most
with their fellow flatterers and worst
enemies." Being one of that kind of
positive men, myself, you have kept
some men of like character around you
who are positive only in their malice and
conceit. They flatter you and have the
counsel that would magnify themselves,
and the malignity that would detract
from others.

"Judicial says, 'There is nothing a
man will not believe in his own favor.'
You were credulous enough to believe
that you were elected president by the
magnanimity, and, therefore, you per-
mitted them to malign your real friends
and to flatter you into a policy which
led to your defeat. You are a man who
would not permit your real friends to
admonish you with freedom and confi-
dence, and as a result you have suffered
for the want of friends, and your wrecked
and wretched greatness has discovered
that there is no true success in life with-
out the power and blessing of friend-
ship. You believed that your will and
power to enforce it was above all powers,
but the will of the people expressed in a
constitutional way has taught you that
there was a wiser and better way than
that chosen by you.

"Having sworn to support the civil
service law, it has been my constant
effort to do so; but I never did swear
to support a magnanimity interpretation of
it based on a monstrous assumption that
the commission was independent of law.
How many poor unfortunate have been
denied the advantages and benefits of
the law by questions never contemplated
by it, and how many expenses have been
incurred through unnecessary and de-
vicious requirements and practices. It is not
my purpose at this time to state.

"You will be censured and condemned
because you put no trust in your own
party but believed yourself to be better
than your own and greater than all par-
ties. You have ascertained that the
many were not made for one. If you
can find as many reasons for removing
as the democratic party through an
indefinite which was simply retaliatory,
had for removing you, I shall be
quite willing to remain with you in the
gloom of defeat."

The judge proceeds to give his under-

standing of the civil service law, and
continues:

"I cannot, like you, make a prayer
for relief to the public, such as the ar-
ticle seemed to be in the Baltimore Sun
of the 14th inst. This is the first time
in the history of the government that an
outgoing president has found it neces-
sary to advertise through the newspapers
his particular work during his term of
office and his claims upon his party and
the country for approval. Between the
lines can be read the special plea for re-
election."

"I can point to another removal than
mine, beyond a parallel to go down
through history when I shall be for-
gotten. I was on the floor of the house
of representatives during the time the
rules of the electoral college were
counted and heard the announcement
of the result—that Benjamin Harrison
was duly elected president of the United
States—but the words that hurried deep
through the empty boxes of the adminis-
tration could not be officially added,
though known to be true—in place of
Grover Cleveland, removed." By whom
and for what cause removed? The an-
swer is now being made in every home,
in every business in the land and his-
tory will inscribe it upon all its re-
cords."

Judge Edgerton attributes Mr. Cleve-
land's defeat to his disregard of the
opinions and advice of the most eminent
men of his party and to his political in-
gratitude.

MR. W. W. MILLER.

The Distinguished Indiana Lawyer.
Who is Named for Attorney
General Under President Harri-
son.

A distinguished guest at the Wayne
hotel, this morning, was Hon. W. H. H.
Miller, who it is conceded, will be at-
torney general under President Harri-
son.

Mr. Miller was formerly a resident of
Fort Wayne, and associated with Judges
Morris and Coalm in the practice of
law. He was not succeeded to a great
lawyer, but he was the most industrious
practitioner at the bar.

Going to Indianapolis he was ad-
mitted into General Harrison's law firm
and now comes the announcement of his
appointment into a cabinet place.

THE SENTINEL representative found
Mr. Miller in the office of Judge Morris
and questioned him relative to his ap-
pointment to the attorney generalship.

"I will neither deny or affirm the
rumor," said Judge Miller. "In fact, I
will not talk on that topic. The cabinet
appointments are yet General Harrison's
secret and when the proper time arrives
he will announce them or tell some one
to do it for him."

"Then you do not regard the cabinet
appointments yesterday as official."

"No, sir; I do not. I know that Gen-
eral Harrison has not yet spoken on the
subject. The newspaper correspondents
surmise his cabinet."

"What is your mission here Judge?"
"Simply business. I have some prop-
erty in the eastern part of the city, and
I came to consult Mr. D. G. Fisher about
that."

Parties close to Mr. Miller doubt that
he will go into the cabinet. "He can be
attorney general if he wishes to,"
said Mr. H. C. Hanna.

Mr. D. G. Fisher did not credit his
appointment to a cabinet place. In fact,
no one could gain his confidence, not
even the prospective postmasters who
haunted him.

Mr. Miller returned to Indianapolis
at noon.

Justice Hays sent six tramps to jail
last night.

The fire department ran to a harmless
chimney fire at noon.

Esquire Hays and Mr. Bob Gage will
go to Chicago to-night.

James J. McCarthy and Catherine
Welch, Henry Thiele and Anna Kosen-
jans have been licensed to wed.

Dr. J. S. Irwin, superintendent of the
public schools, looks better than he has
for years and he says he feels better.

Dan Morry, a resident of Nulmaka,

his debts. Mercantile Kootz, Smale
and Gage, of that precinct, attached his
household goods at the depot.

The question of "Church Founding"
was the subject of a most interesting

A SOUTHERN CYCLONE
Sweeps Over Alabama and Carries
Death and Destruction in Its
Pathway.

BIRMINGHAM, Ala., Feb. 19.—The
lower end of Shelby county was swept
by a terrible cyclone yesterday. It
travelled in an easterly direction and
was only a few hundred yards in width,
but its course was twenty miles or more
in length and through a thickly popu-
lated section of country.

People were in their beds and had
very little chance to escape from their
houses. The most reliable reports re-
ceived here state that thirty to forty per-
sons were blown down, five or six per-
sons killed, and about thirty injured,
some of them very badly.

Many cattle and horses were killed or
crippled.

MUNICIPAL MATTERS.

Mayor Nether Chooses Among
and Outlines the Program—
The Fire Ladders.

When a Sentinel reporter called at
the mayor's office this morning, his
honor was chatting with Councilman
Read.

"The newspapers are hardly fair in
their criticisms of the fire department,"
said the chief executive. "In my an-
nual address to the council I pointed
out the necessity of better fire ladder
facilities and noted that we did not have
a ladder that would reach to the fourth
floor of the Avenue hotel. Accordingly,
at the last council meeting, we approved
the recommendations of the fire com-
missioners for the purchase of new lad-
ders, and this morning Mr. Read and
myself talked over the advisability of a
committee going to Cincinnati to in-
spect fire ladders and a street sweeper,
and the committee will go at its own
expense, as they always have."

"I agree with THE SENTINEL, and so
does Mr. Read that we can get along
this year without street sweeper and side-
walk improvements, so as to devote the
resources of the city towards perfecting
the water works system and fire depart-
ment. Mr. Read and most of us have
advised against the proposed payment
on Clinton street and I am satisfied it
can not pass."

"The city is in good financial shape—
better than she ever was—and we pro-
pose to keep its affairs within whole-
some bounds, so that no additional bur-
dens will be heaped on the people."

Capt. Thomas Torrey desires Ten
Sentinels to return his thanks to the
friends and neighbors who, so kindly
lent their aid during the fire on his
premises last night.

TRADE - CURRENTS!

Like the winds, sometimes all move in one direction. The present current is in the line of

Dress Fabrics. Satteens

Are receiving their share of attention. An excellent fabric, and of stylish patterns in latest colorings, at 9 cents a yard, and then rise in the scale to 35 and 50 cents a yard and see the finest fabrics and unsurpassed color paintings. Our assortment in these is, most likely, larger than those of any other three houses.

Another attractive exhibit is "Czarina Lustrine," pure Mohair wool allings, a very desirable fabric for street wear, cheap at 50 cents a yard.

FRENCH CHALLIES

Are shown this week, sheer, gossamer like cloth, with exquisite printing in many colorings, extra fine at 50 and 60 cents.

ALPACAS

Are shown now as a new dress stuff, but to some of us is an old one in a new finish only. Always good, very serviceable, 25 to 50 cents a yard.

Sacqueing Flannels

In style, the handsomest ever known, 50 and 65 cents. Mosaic patterns 75 cents.

BOX SUIT PATTERNS

Confined styles, will be put on sale

TO-MORROW,

\$10.00 to \$50.00 each. See them and you will want them.

Printed Cashmere Robes

In most elaborate designs and colorings, just the thing for house wear. Luxury, Comfort and Elegance combined in these, 62½ cents to \$1.50 a yard.

BLACK GOODS.

This week we shall show a lot of Saxony stuffs valued at 75 cents, for 50 cents a yard.

New goods continue to come to

It is understood that Mr. Derheimer has his eye on the proposed new prison sewer."

John Schoeff, the man injured in a collision with a Wabash locomotive, at Roanoke, it is thought, will be paralyzed in his lower extremities. While he is thought to be better than at first, he is advised to arrange his business affairs and divide his property and prepare for the worst. The attorney for the railroad company called to see him and to investigate the particulars relative to the accident. It is understood the attorney intimated that the company in all probability would make the man a liberal donation if he did not insist on a suit for damage. It is said there is proof that the engineer whistled for the crossing and obeyed all requirements and that the accident was entirely due to the man's own lack of caution in approaching a railroad crossing. His family consists of a wife and ten children.

WHAT

Are made and where do they come from? These are questions often asked by those who are not acquainted with this mode of doing business.

Our Reply:

They are such goods as were manufactured or called for by the parties who ordered them, but left on the factory hands. We have agents who buy up these goods at such prices that we can sell them at one-half the original cost. This gives the customer a change to his clothing tailor made clothing at as low and less price as you could have to pay for ready-made of shop made goods. We bring here a line of these goods, which consist of the most stylish suits in single and double breasted coats. Three and four button Cutaway, Flare and Alberts. Also the dress suits for wedding or parties. Also a line of party overcoats, which we are determined to sell, even at a loss. We have also a few cheap spring overcoats. We name a few of the leading prices by which you may be governed:
